## *62 Superb Shorthorns*

From the Herds of

Leading breeders of Shorthorns, where cattle of modern type, impressive character, the highest quality and with most potent pedigrees are produced.

WILL JOHNSON, Sale Manager  
16 South Locust Street  
AURORA, ILLINOIS

Auctioneers: J. E. Halsey, Box 1317, Des Moines, Iowa  
Hamilton James, Newton, Illinois

## FOREWORD

The breeders who are offering cattle in this sale are among the most prominent in the district Northwest of Chicago. None of them are interested merely in multiplying cattle. It is their aim to improve what already is the world's most useful breed. To do that they are using the best females that could be procured and mating them with bulls that have been bred so as to inherit the most potent of the breed's bloodlines, or genes.

For this sale bulls that will be influential in building profitable herds, matrons of proved ability to produce offspring of superior conformation and quality, and bred and open heifers that give rare promise of developing into such matrons, have been selected. Such cattle do not need to be made so fat that their usefulness is diminished, in order to show their quality. Every animal in the sale will be found to be in good strong breeding condition and hence will appeal to the discriminating breeder who knows a good one when he sees it.

But whether you wish to buy or merely to see the productions of these good herds we shall welcome you to our sale ring on June 3rd and to the barns where the cattle will be stalled on the two or three days preceding the sale. Come to see these cattle on the wash rack. There is nothing to hide.

All Shorthorn breeders will recognize the merit of the breeding of the home bred cattle in this sale. There are some sixteen excellent imported cattle in the sale, some of them with calves at foot, for those who are seeking new bloodlines. Altogether it is an offering of which the sellers are proud and which will please buyers so well that we shall expect to see them back next year for more of the same kind.

—Will Johnson, Sale Manager.

## GENERAL INFORMATION

---

**TIME**—Tuesday, June 3, 1947, at 1 P. M., Central Daylight Time.

**LOCATION**—The sale will be held at Dexter Park Pavilion within the Union Stock Yards, Chicago, Illinois. Surface and elevated cars run from the downtown district to the Stock Yards and close to Dexter Park.

**TERMS**—The terms of the sale are cash unless other arrangements are made with the consignor from whom the cattle are purchased before the sale commences and the sale manager is notified of the arrangements. Buyers who are not known to the sale manager will bring bank references. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from the purchasers.

**GUARANTEE**—All cattle are sold subject to a sixty day retest for tuberculosis and health certificates will be furnished to enable them to be shipped into any state or territory. All cattle have been blood tested for Bang's Disease and tuberculosis within a period of thirty days prior to the sale. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller if in as good condition as when bought and, if after a test in the seller's herd he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of the sale are guaranteed to be breeders.

Animals returned to sellers because they do not comply with guarantee will be at buyer's costs of transportation.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the Sale Manager nor the clerk of the sale assumes any liability, legal or otherwise.

**REGISTRY**—A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were furnished by the consignors or written from information supplied by the consignors.

We will not be responsible for any accidents that may occur but will make every effort to provide for the safety and comfort of our guests.

**MAIL BIDS**—Those wishing to buy at this sale who cannot be present may send their bids to the Sale Manager, Will Johnson of The Shorthorn World; to Clinton K. Tomson of the American Shorthorn Breeders' Assn.; or to any of the consignors or the auctioneers.

**AUCTIONEERS**—J. E. Halsey, P. O. Box 1317, Des Moines, Iowa.  
Hamilton James, Newton, Illinois.

**SALE MANAGER**—Will Johnson of the Shorthorn World, 16 South Locust Street, Aurora, Illinois.

**SALE HEADQUARTERS**—Congress Hotel, Chicago, Illinois. In writing for rooms address Mr. Amico at the hotel and mention the Edellyn allotment of rooms.

### NOTE THIS SALE SERIES—

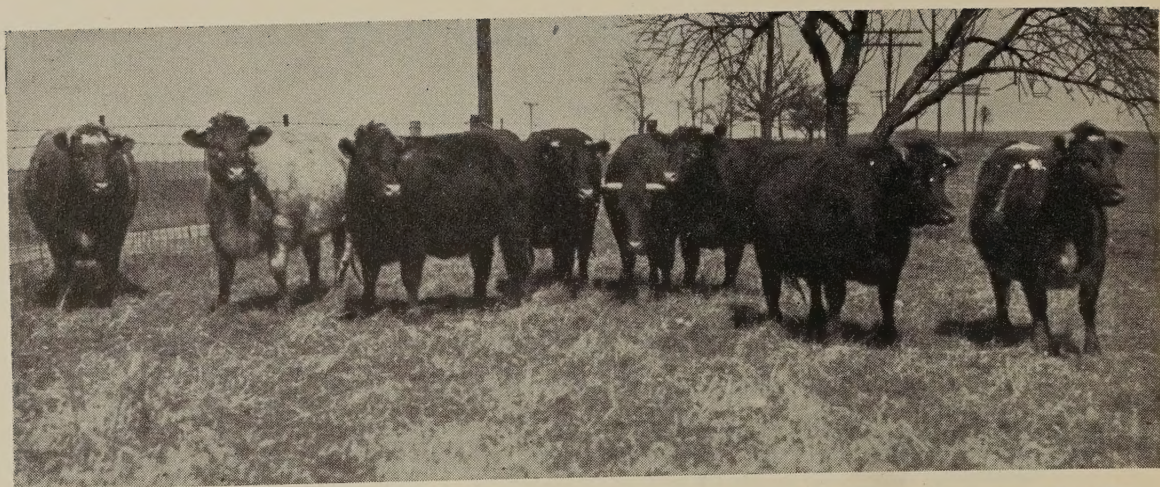

May 29—Tomson Bros., Wakarusa, Kansas

May 30-31—Sni-A-Bar Farms at Kansas City

June 2—Edellyn Farms, Wilson, Illinois

June 3—Northwest Chicago Sale at the Stock Yards, Chicago, Illinois

A TYPICAL GROUP OF HEIFERS AT ANOKA FARMS, WAUKESHA, WISCONSIN

## Anoka Farms' Offering

Always at Anoka Farms one finds superb heifers, in excellent condition, not so fat as to impair their usefulness as breeders but fat enough to display their ideal type, weight-for-age, growthiness and excellent quality. Always these heifers exhibit the best of Shorthorn character and possess pedigrees to suit the most discriminating breeders and always those that are of breeding age are carrying the service of great bulls so that an early profit will be derived from purchasing them.

Such are the heifers that F. W. Harding will sell in this sale from his famed Anoka herd. Eight of them were imported from Great Britain, two are of the best of Canadian stock and the others were bred at Anoka. Seven of these heifers are safely with calf by Gosshall Cracker (Imp.), the impressive young sire that will be sold in this sale as lot No. 1. Two of the heifers will have calves at foot by noted British sires, having been bred before importation. Three of the heifers have good long service dates to Klaymor Journeyman, one of the excellent sons of the noted Klaymor Heir and one heifer will calve in June to the service of Sovereign Rothes, an outstanding son of the Perth supreme champion, Royal Rothes (Imp.).

The three Anoka bulls in the sale are real herd headers in character, type and pedigree. One is the richly bred, tried sire, Gosshall Cracker (Imp.). One, Anoka Duthie, was imported-in-dam and is by the same sire as the famous A. J. Marshall sire, Ascreavie Duthie. The third was bred at Anoka and has as good a pedigree as could be written.

Thus it will be seen that, once more, Mr. Harding is sending to a Chicago sale a group of Shorthorns of outstanding value and attractiveness. These are the most profitable cattle to buy because in addition to being of most popular pedigree, type and color, they are all of breeding age, the heifers are with calf or have their first calves at foot, and the bulls are proven sires or just at breeding age.

These cattle may be seen at Anoka Farms, Waukesha, Wisconsin, until May 27th and after that at the Dexter Park sale pavilion at the Stock Yards at Chicago. Mr. Harding's office is at

807 Exchange Avenue

**ANOKA DUTHIE:** Is by the same sire as Ascreavie Duthie, one of the sires being used by A. J. Marshall that has made a record, possibly the equal of any herd bull in Scotland. Ballechin Duthie, by Calrossie Silver Wedding by Calrossie Control, Muirside Ramsden King and Calrossie Silver King are all noted bulls. Ascreavie Augusta 2d, the dam of Anoka Duthie, is not only a cow of good substance, but a really good breeder's type.

EDELLYN ROYAL LEADER 8th 2197010

## MILLGATE FARMS

A mile west of Wadsworth, Illinois, is the farm of Millgate where George W. Rossetter & Sons have built one of the best herds of Shorthorns in any of the Central states. You are invited to visit Millgate Farms whenever convenient. We assure you that you will profit from the purchase of Shorthorns from this grand herd whether made in this auction sale or at the farm by private treaty.

Edellyn Royal Leader 8th pictured above heads the herd. He was the top bull of Edellyn Farms' 1944 sale, where he realized the top price for many years, \$9000. His sire is the All American Favorite, Edellyn Royal Leader (Imp.). His dam, Marellbar Goldendrop, was an International first prize winner and his granddam was the top female of Edellyn's 1938 sale and her dam is one of the top imported cows in America. Since coming to Millgate Farms Edellyn Royal Leader 8th has proven to be a great sire. One of his bull calves in our last year's sale sold for \$1650 and every calf he has sired has proven to be a splendid specimen of the breed. In this sale Lots 17, 18 and 19 are his get and Lots 20, 21 and 22 are heavy with calf to his service.

Some of the heifers at Millgate Farm, pleasing in quality and of correct type.

**MILLGATE ROYAL LEADER 6TH 2391521**

Millgate Royal Leader 6th is a grand young bull with a pedigree of great strength. His sire was the \$9,000.00 top of one of Edellyn Farms' sales. Browndale Prince, sire of his dam is one of the best of the Illinois herd bulls and is by the Perth supreme champion, Calrossie Prince Peter. His dam's dam was sired by Dreadnaught Salute, the bull that started the Mathers' herd on its highly successful career. This bull is sure to be an improving sire.

FOR REFERENCE

IMP. DRYNIE ROGER 2245917

## Spring Willows Shorthorns

Mr. and Mrs. C. A. Butland, Spring Willows Farm, Union Grove, Wisconsin, founded their herd on cattle of the richest breeding and best type, principally imported from Scotland. In the 1946 Northwest Chicago Sale they made the top price and the top average for open heifers, the top price being \$2350. Their consignment this year is fully up to the high quality of last year's draft from Spring Willows Farm. The next twelve lots in this catalog constitute the offering that will be made by Mr. and Mrs. Butland. Eleven of them were sired by the noted bull Drynie Roger (Imp.) that heads the herd. His get have been received with great favor by breeders wherever they have been offered for sale and he has proven himself to be one of the most potent sires of his day. Last February Mrs. Butland flew to Scotland to the Perth sale where she bought a bull to follow Drynie Roger in the herd. All reports are that she procured a splendid bull. It would take a good one to be worthy of the job of following Drynie Roger.

Study the pedigrees of these twelve lots and when you get to Chicago study the cattle. When you see them you will learn why the Butlands have a reputation for breeding cattle of the best character and highest type and quality.

ROGER AIR PILOT 2361817

Roger Air Pilot is a real show bull and a grand prospective sire. He could scarce be otherwise with such a ped'gree. The Drynie herd is recognized as one of the best in Scotland from which to procure herd bulls and Drynie Roger is one of the best that has come out of that herd in many years. The imported dam of Roger Air Pilot, Bapton Crocus 47th, is one of the outstanding cows in Spring Willows herd and is sired by the famous Bapton Air Pilot, the get of which have made history in recent British sales. Here is your opportunity to get to the top with a great bull.

**KLAYMOR HEIR 2274161**

## Ringwell Farm's Offering

When Jim Ewell went to Ontario in 1944 to attend the Klaymor sale in search of a herd bull, he bought the best bull that was offered, though he had to pay the top price to get him. The bull is Klaymor Heir by Aldie Reynoldstown (Imp.), out of Klaymor Princess Royal 8th by Collynie Royal Barrage (Imp.), out of Balthayock Princess Royal 23d (Imp.) by Lawton Jamie. As had been predicted he turned out to be as good a bull and sire as ever was produced in the noted Klaymor herd.

Last fall at Klaymor the get of Klaymor Heir (eleven calves) outsold the get of any other of the great bulls represented in the sale. Eleven of the Klaymor Heir calves brought \$15,275 for an average of \$1,389.00. Seven of them making over \$1,000.00 each, two of them reaching more than \$3,000.00 each, the top being \$3,500.00. His calves at Ringwell Farm are as good as or better than those that were sold at Klaymor.

What has all this to do with the Northwest Chicago sale? Just this. Three wonderful heifers will be sold from the Ringwell herd. One will have a calf by Klaymor Heir at foot. The other two are due to drop Klaymor Heir calves in August. Buy these heifers and you will get calves that will more than pay for their dams.

# Meyrose Farm's Offering

## A Great Imported Herd Bull Heads This Draft

Mr. S. Meyer, Meyrose Farm, Caledonia, Wisconsin, made a notable contribution to last year's sale and will offer an even stronger draft this year. To begin with he will sell the sensational stock bull, Cruggleton Postboy (Imp.). While only five years old, this great sire has made an enviable reputation. Last year, one of his daughters was sold to Sni-A-Bar Farms, at thirteen months of age, for \$2,100.00 and every calf he has sired has been a good one. Mr. Meyer is selling three daughters of Postboy, one of which is a full sister to last year's high priced heifer. Also, in this draft, are three, grand, imported heifers, two of which are by the famous Cruggleton Willingdon and the other is his granddaughter. In all there will be ten great, young females, by noted sires, and all bred to grand bulls, most of them to Cruggleton Postboy (Imp.). Four of them will have calves at foot.

Cruggleton Postboy (Imp.) is still a young bull and Mr. Meyer would not sell him if he were not reducing the size of his herd materially and keeping principally daughters of Cruggleton Postboy for his breeding cows. Sons and daughters of this grand sire have been easy to sell because they are extremely uniform and have the conformation, character and quality that breeders like. Study carefully the next eleven lots in this catalog and we know you will wish to take advantage of this opportunity to buy these high class, prolific, well bred breeding cattle.

When you buy females such as these, with calves at foot or soon to calve, you take home the elements of quick profit and the material for building profitable herds.

**CRUGGLETON POSTBOY 2203604 (Imp.)**

A great son of a world famous sire, Cruggleton Postboy (Imp.) is a sire of the kind of calves that every breeder should strive to produce. His sire is one of Scotland's most famous bulls. He has been called the greatest sire that ever headed the world renowned herd of A. J. Marshall at Cruggleton. The rest of the pedigree is also outstanding. Note the crosses of Naemoor Jasper and Collynie Royal Leader. Here is a bull and a pedigree with which to improve any herd.

### CRUGGLETON WILLINGDON (291229) (Imp.)

Wing Commander T. B. Marson writing of Cruggleton Willingdon says, "Willingdon is a magnificent specimen of the Shorthorn breed from his wide open muzzle to his strong, well placed hocks. He has a grand masculine head, good horns, is mellow to handle, has excellent top and bottom lines, great depth through the heart, ribs like a frigate, and is very good over the hooks, tail head and breeching. As a stock getter he has not belied his looks, 15 bulls by him have averaged £ 1655, including last year's first and reserve champion, Perth, sold as stock bull to Mr. James Durno of Uppermill, for 1900 guineas."

# Susanna Farms

S. J. O'Bryan, Susanna Farms, Lake Villa, Illinois, during the last few years has been building one of the outstanding Shorthorn herds. He selected his foundation stock well, has culled out all of those that didn't turn out as well as expected and now has a very sweet lot of Shorthorns. The bulls that he has used have come from the herds of leading breeders and have been well selected. Susanna's Cruggleton (Imp.), and Susanna's Goldfinder by Edellyn Master Mercury by Calrossie Mercury have given excellent results in the herd.

The latest acquisition to the herd bull strength at Susanna Farms is Beaufort Brigand 2348470 (Imp.). His sire bred by Lord Lovat was sired by Bapton Batt'eship, a half brother to the famous Bapton Upright. The dam of Beaufort Brigand is Beaufort Augusta, a most pleasing daughter of the famous sire, Cruggleton Willingdon. The heifers that Mr. O'Bryan has consigned to this sale are well along with calf to the service of Beaufort Brigand (Imp.), as are shown in the various footnotes. Not all of the cattle in this consignment were bred by Mr. O'Bryan but all of them have excellent pedigrees and were sired by such noted bulls as Ben Studer's popular imported Prince William; the International Congress grand champion and high selling sire Edellyn Roman Mercury, the first two calves of which were sold at \$3,650 and \$4,000 respectively; Klaymor Centurion by Collynie Royal Barrage (Imp.) that made such a great record in the herd of Cyril Mumford in Ontario, and of course Susanna's Goldfinder. The heifers being bred, their calves will all show bred by S. J. O'Bryan and will carry additional prestige from that fact.

This is a choice offering of Shorthorns of good type and quality with pedigrees that will make them welcome into any herd.

SUSANNA'S GOLDFINDER 2D 2384162

Susanna's Goldfinder 2d is a good, rugged bull with lots of mellow flesh and weight-for-age. He is smooth, deep and thick, has a good head and an impressive pedigree. A good stock bull.

**SUSANNA'S PRINCE WILLIAM 2384163**

Susanna's Prince William is a bull with a grand top and bottom line, strong hindquarters, good back, short legs and excellent depth of body. His sire, Prince William (Imp.), is the bull the get of which have been topping so many prominent sales for Ben Studer at Wesley, Iowa. This combination of Coldoch Sensation and Supreme Goldfinder breeding is sure to make a most desirable nick.

# FOR REFERENCE

**EDELLY ROMAN MERCURY 21140740**

Edellyn Roman Mercury 2140740 was the grand champion and the highest selling bull at the 1943 International Congress Show and Sale where he was bought by H. W. Greene and Capt. Cyril Mumford of Ontario at \$4000. Also, he was grand champion of the Wisconsin State Fair the same year. His dam is the famous imported cow, Collynie Broadhooks 12th, dam of Edellyn Campeon Mercury and Edellyn Peerless Mercury. The first two calves by Edellyn Roman Mercury were sold by auction at Toronto at \$3600 and \$4000 respectively.

FAIRACRES MAYFLOWER ROSE: Has one of the best Canadian pedigrees that it would be possible to obtain. She was bred on July 25, 1946 which should make her calve a month before the sale to the service of Beaufort Brigand 2348470 (Imp.). Beaufort Brigand was an impressive bull sired by Bapton Battleship, a half brother to Bapton Upright. His dam was Beaufort Augusta by the famous Craggleton Willingdon.

# Golden Bull Farms

Mr. M. Van Simmons, owner of Golden Bull Farms, Wauconda, Illinois, is no stranger to purebred livestock of class and distinction. His herds of Guernsey cattle and Hampshire hogs were among the best in America and now that he has engaged in the breeding of Shorthorns, it is but natural that he started with cattle of most approved type and the richest of pedigrees.

Golden Bull Farms' consignment to this sale consists of six lots headed by Golden Bull Royal Leader, one of the outstanding young bulls of this year's auction sales and one of the best bred. All but one of the five females are bred to this young sire and excellent results may be anticipated.

A visit to Golden Bull Farms will be a treat at any time of year and now that spring has arrived such a visit will be a pleasurable incident. Mr. Van Simmons and his general manager, Forrest Grunewald, will be glad to welcome visitors who are interested in Shorthorns, to the farm, at any time. It would be well to pay such a visit prior to this sale and to see and study the excellent, well bred cattle that will be sold.

**GOLDEN BULL ROYAL LEADER 2320040**

Golden Bull Royal Leader is typical of the bulls with the Calrossie Mercury-Edellyn Royal Leader cross. He is wide, deep, thick; short coupled and low-set. He has ideal bone and substance and a grand head. No one in search of a herd bull need look elsewhere while this grand prospect is for sale. He has inherited the breed's best bloodlines.
